Distinctives

We recognize that the most critical element in implementing our mission, vision and distinctives is the quality of our teachers. CCS uses the BRIE acronym to describe our distinctives:

- **Biblical** - Covenant students analyze all things through the lens of Scripture and learn discernment by navigating difficult issues and ideas, without fear, as they prepare to speak into the world.
- **Relational** - Covenant's purposefully small size allows for deep relationships within the community. Opportunities for intentional teacher-student and cross-grade relationships, are carefully fostered.
- **Integral** - Covenant's curriculum has been purposefully designed to provide students with an understanding of the connected nature of all of God's creation.
- **Experiential** - Understanding the connected nature of God's creation, Covenant uses both conventional classroom teaching and outdoor classroom experiences that bring a depth and richness to student learning. By doing so, students confidently explore their gifts and all of God's creation in meaningful and creative ways.
